No I am not. These usually go to enforcement or counsel. I am cc'ing Dean Maraldo in enforcement, Jane Lupton in ORC and Tom Poy in groundwater in the event it was directed to him due to the reference to GW.

Subject: EPA Notice of Intnet to Sue

A citizen has filed a Notice to Sue the EPA for the Eagle Mine groundwater discharge not having a NPDES permit. Similar to the Buck Mine? Seems this is becoming a popular approach up here.
